DESCRIPTION:

Caulkless versions of Aloha comfort-back bathtub (AFR also available) and NexTile wall set combine to form a caulk-free water containment system, working together to provide quick 1-person direct-to-stud installation without the need for messy and time-consuming caulk application. Popular NexTile 4-piece surround features full-length storage niche for bathing essentials, realistic subway tile pattern and grout texture. For a custom look, real tile can be installed in the niche for endless colors, patterns and texture customization. The glossy composite finish and realistic grout are engineered for ease of cleaning and perfectly compliment the sanitary, chemical and stain-resistant, high-gloss bathtub finish of the best-selling Aloha and Aloha AFR. Aloha features comfortable reclined lumbar support along with all the benefits of porcelain for comfortable relaxed bathing luxury. Bathtub available with optional ArmorShield jobsite protective coating. NexTile caulkless feature only available as a system.

Aloha complies with ASME A112.19.1/CSA B45.2

NexTile complies with CSA B45.5/ANSI Z124

Both made in the USA.
