WHY CHOOSE BOOTZ

Bootz: From Bombs to Bathtubs A Legacy of American Craftsmanship

Founded in 1937 in Evansville, Indiana, Bootz began as a sheet metal manufacturer and became the city's first war factory during World War II—earning six Army/Navy Excellence Awards for outstanding production. After the war, Bootz shifted to consumer goods, introducing porcelain-finished steel bathtubs and sinks in 1979. Today, Bootz continues to grow with cutting-edge manufacturing, advanced systems, and responsive customer service—big enough to meet demand, small enough to care.

Trusted for Over 80 Years

Bootz has earned its reputation as a trusted name in bathroom innovation by delivering American-made quality, timeless design, and dependable performance for over eight decades. Our products are engineered to meet the needs of modern homes and multi-unit projects alike.

A Proud American Workforce

Bootz takes pride in manufacturing in the USA with the dedication of our hardworking American team. While most components are made domestically, select parts are sourced globally and assembled in our state-of-the-art U.S. facilities. We continually seek local suppliers to support American businesses and strengthen our economy. Our people are the backbone of our success—driving quality, innovation, and pride into every product we make.

MauiCast® Bathtub

BATHTUBS

Soak It All In

Explore our full bathtub offering – from various shapes, to premium baths with deep bathing wells, reclined backrests, and our proprietary full-wrap insulation to keep your bath warm, quiet, and cozy. With ADA-compliant models and accessible installation options available, it provides an affordable way to elevate the bathing experience—where comfort, quality, and practicality come together.

BATHTUBS

Designed for relaxing soaks, Bootz offers a curated selection of bathtubs in a range of shapes and sizes, from Standard to Enhanced and Premium models to suit any taste. A smart, cost-effective alternative to heavy cast iron, Bootz combines everyday luxury with dependable performance, delivering lasting comfort made for real life.

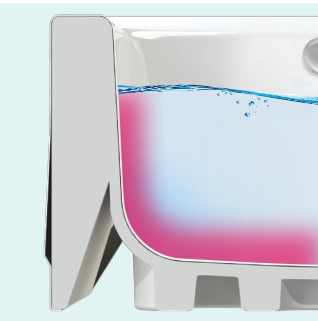

BATH MATERIALS

STANDARD PORCELAIN ENAMEL

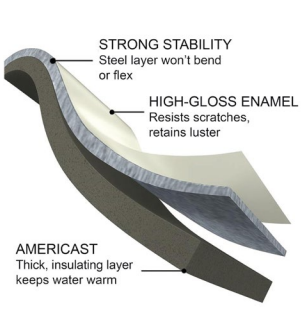

Durable, heavy-gauge steel for strong, light-weight construction that is easily repairable.

ENHANCED BOOTZCAST®

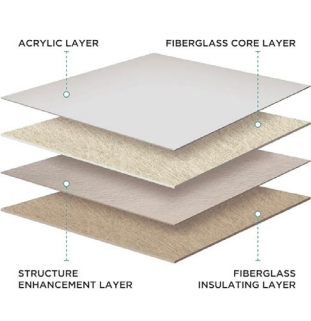

Cast models feature our enhanced installation designed to improve heat retention and noise absorption for a warmer, quieter bath. Exclusive honeycomb structure adds ultimate durability.

PREMIUM AMERICAST®

Americast is our highest level of backing—highly engineered to deliver the best heat retention and sound absorption performance. While also increasing durability and giving the same benefits as cast iron at a fraction of the weight and cost.

LUXURY ACRYLIC

Acrylic models offer a luxurious feel and finish. The high gloss smooth acrylic is backed by a multi-layer fiberglass backing offering superior rigidity and strength.

Jobsite Protective Coating

Armorshield is a durable, factory-applied coating that protects bathtubs and shower bases from the wear and tear of construction environments. Designed for peace of mind on the jobsite, this UV-resistant barrier safeguards the product's surface from common damages, then peels away easily to reveal a flawless finish underneath.

UNMATCHED PROTECTION

Sprayed directly onto the finished surface, Armorshield forms a thick, durable layer that defends against nails, tools, stains, and scuff marks—preserving the product throughout the installation process.

PEACE OF MIND

This UV-resistant coating is applied at the factory and stays firmly in place, ensuring the porcelain finish remains brilliant and untouched in any jobsite conditions.

EASILY REMOVABLE

Once the job is complete, Armorshield peels away effortlessly, leaving no residue and revealing a glossy, untouched surface ready for use.

Extended Warranty

Armorshield comes with an unmatched no-charge repair guarantee on damages caused by normal jobsite wear, including:

- Nails and screws on floor
- Food and drinks
- Tobacco stains
- Scuff marks from ladders, stilts, boots and drywall/lumber scraps
- No fault warranty through installation benefits
- Better protection through installation

How to Order

- Available on all Bootz porcelain shower bases and bathtubs, and select Americast® bathtubs. Comes standard on all Americast® Shower bases
- Add an "A" at the end of the model: XXX-XXXX-XXA

Large order may require extra lead time. Contact Customer Service.

*Extended warranty excludes damages from Acts of God such as fire, wind, flood and earthquake; or other abuse or misuse or faulty workmanship; gross negligence; impact to front or rear from hammers, drills, or other job site tools and forklifts or other powered implements, nails or screws driven through the liner and into the unit; vandalism or intentional inflicted damage. Once Armorshield has been removed, standard product factory warranty is applied to the unit. No fault warranty through installation benefits. Better protection through installation.

PORCELAIN ENAMEL

Why Choose Porcelain Enamel?

At the heart of every Bootz product is our signature porcelain enamel finish, fused to rugged steel. It combines strength and style, making it a smart, sustainable choice for both residential and commercial spaces. This unique material offers unmatched performance by:

- Highly durable porcelain enamel surface
- Non-porous surface that's easy to clean and naturally stain-resistant
- Hygienic and low-maintenance - perfect for high-traffic, moisture-rich environments

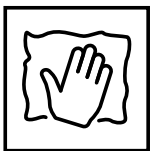

Key Features & Benefits

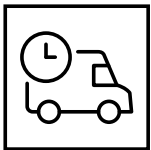

Durability
Hard porcelain enamel surface that resists scratching.

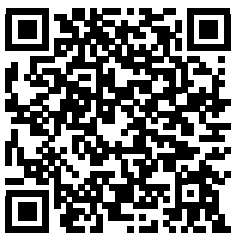

Color
Maintains its bright color and glossy finish over time.

Maintenance
Easy to clean and non-porous surface.

Availability
Unmatched capacity with more than 5,000 units produced per day.

LAVATORY SINKS

Durability Where It Counts

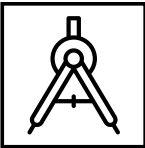

Bootz porcelain-finished bathroom lavatories are easy to clean and easy to install, while maintaining a “timeless” design. Porcelain-finished lavatories have a non-porous glass surface that resists scratching, chemicals, heat and bacteria growth.

LAVATORY SINKS

Gracefully designed and beautifully enduring, this collection of porcelain-finish sinks brings timeless elegance to the modern home. Each piece captures the perfect balance of form and function—smooth, luminous, and effortlessly refined. Crafted with a durable steel core and a radiant non-porous surface, these sinks are made to resist life’s everyday wear while preserving their glossy brilliance for years to come. From classic ovals to soft, rounded silhouettes, every design invites a sense of calm sophistication, transforming daily routines into moments of simple luxury.

- Classic round or oval goes with any decor
- Flat rim, self rim, or undermount models available
- Exclusive “stud and clip” assembly with ABS (plastic) overflow is available on all models

Key Features & Benefits

Design
Elegant shapes and classic styling complement any bathroom decor.

Installation
Easy installation available in various shapes with mounting hardware included.

Maintenance
Designed for effortless care for daily use.

All other products receive a 1-year commercial use warranty.

MADE IN USA

Made in USA With Global Materials!

Supporting the economy and investing in our future by buying products made in the USA is a simple yet impactful choice. This decision not only creates jobs for American workers but also aligns with eco-friendly practices by reducing fossil fuel consumption and greenhouse gas emissions created during transportation.

Our commitment to excellence and exceptional customer service is made possible through the dedication of our American workforce, reinforcing our pride in maintaining high standards.
